Wonder Soil

Name

Look at this newspaper advert for Wonder Soil.

Why waste water?

Wonder Soil holds all the rain that falls on it AND all the water you pour on it.

Why waste space?

Wonder Soil is tightly packed with no air spaces.
Lots more plants can grow in it!

Why waste money?

It's only \$150 for a bag and \$200 for a giant bag.

- What do you think of their product and why?

See if you can answer these questions using the Internet.

1. Jenny and Chris were on a boat. They were in the middle of the sea. "If you fell in the sea now you would sink down forever," said Jenny. "I don't think that's right," said Chris. Who was right? Why?

2. Charles Darwin, the famous scientist, found that the worms in his garden turned the soil to loam by their digging. He found that the worm tunnels helped the water drain away. He told people that worms were good for the garden. Was he right? Why?
