

P4J Class work for Wednesday 24th June 2009

1.English

Think about the Roald Dahl story,

"The Giraffe the Pelly and Me"

Build up a profile of three characters from the story. {work sheet}

Change the setting and rewrite the story. {1 page.}

2.Mathematics

Perimeter and Area. Page 104 M5

3.Science

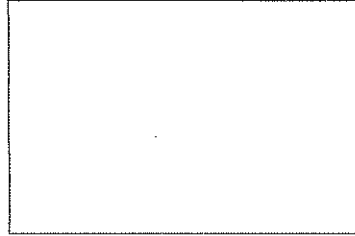

Read and colour the Science Log on

Circuits and Conductors. {Work sheet}

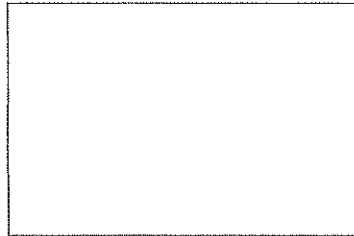

My story ideas by \_\_\_\_\_

Characters

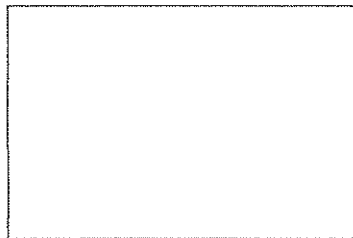

Character 1:

Character 2:

Character 3: (optional)

# Science Log

Name \_\_\_\_\_ Date \_\_\_\_\_

• I know that mains electricity can be dangerous.

• I know that you need a complete circuit for devices such as bulbs and motors to work.

• I know that some materials allow electricity through easily; they are called conductors. Some materials do not allow electricity to pass through easily; they are called insulators

• I know that metals are good conductors and most other materials are insulators.

• I know that conductors and insulators are used in wires, plugs and cables in the house.

• I know that switches can be used to make or break a circuit and to turn things on or off.

• I know that you can change the brightness of bulbs and the speed of a motor in a circuit.

• I can use books and CD-ROMs for research.
