

## Work for Wednesday 24<sup>th</sup> June

English- As always do a diary entry and some reading. Complete the proofreading worksheet. Rewrite the text again correcting the grammar, spelling and punctuation.

Writing Activity- write a story set overseas. (you may want to set it in India since you have been learning about it in geography, but you can choose any country; maybe you want to choose a country you used to live in or went on holiday to.) In your story you should make the setting clear by adding lots of description.

Maths - complete W.S. N43 Adding and subtracting Decimals p97 (available on link) look at the numbers at the top for questions 1 to 6 which pairs add to the number shown. For questions 7 to 9 which pairs subtract to the numbers shown.

Art – As it is nearing the end of term we can spend the afternoon on an Art activity. Pablo Picasso was a Spanish painter who was famous for his abstract paintings. In some of his paintings he tried to show a person or object from all sides at the same time showing them with six eyes, two noses etc. This style is called cubism. Use a search engine such as google to view some of Picasso's works then create your own cubist drawing or painting.

Name: \_\_\_\_\_

Date: \_\_\_\_\_

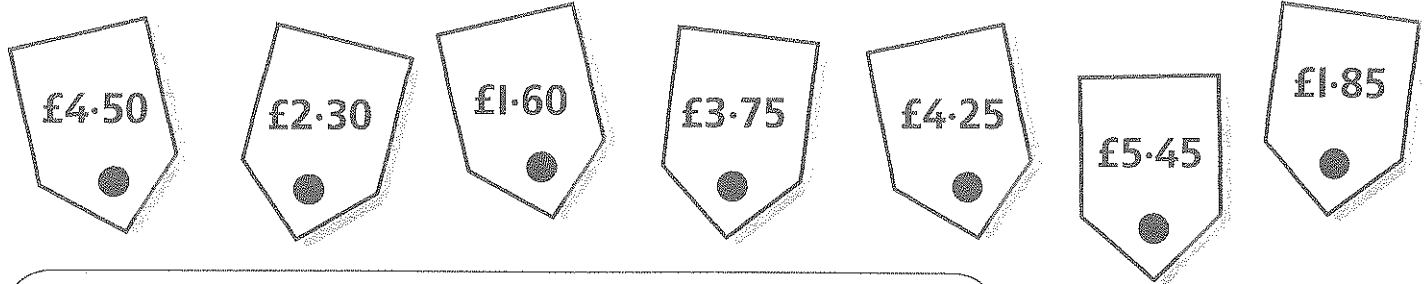

Read the text below and correct the spelling grammar and punctuation mistakes

### My Dairy

On Saterdag I go to central with my mummy and daddy. We eat lunch in mcdonalds I has cheseburger and french fried. Then my familie go to the park. I play on the swing with my little sister. My little sister fall of the swing and hurted her nee. She is crying very muchly. In evening I watch television for one hour then I take a bath and go to bed. I sleep for nin ours.

At Sunday I get up late and I went to churches with my family. We sing songs in the churches. After then I go to the beech I play on the sands I build a cassel with the sand and I swim in the see. Later I do my homeworks. I study my speling word and write my homework sentence in my Orange homework boook. I pack my school bag and go to bed early on Sunday niht.

## Adding and subtracting decimals

Write the pairs of numbers which have these totals.

1.    +    = £3.90

2.    +    = £6.80

3.    +    = £8.75

4.    +    = £7.30

5.    +    = £6.05

6.    +    = £6.35

Write the pairs which have these differences.

7.    -    = £2.20

8.    -    = £0.70

9.    -    = £0.95

10.    -    = £2.40

11.    -    = £1.45

12.    -    = £0.25
