Music		

Name..... Date

The pictogram below shows the number of times horses have won at their races this year.

Each whole cup means TWO wins so half a cup means ONE WIN.

1. Which horse won the most races?
2. Which horse won the least races?
3. How many more did Red Duke win than Silver Feather?
4. How many more did Flying Annie win than Ray of Sun?
5. How many races did Ray of Sun and Red Duke win altogether?
6. How many races did Flying Annie and Silver Feather win altogether?
